Who is the Tasmanian School Canteen Association?

The TSCA was formed in 1994. It is a not for profit non-government organisation and is jointly funded by the Tasmanian Department of Education and the Tasmanian Department of Health and Human Services. The TSCA supports the broader school community by ensuring a variety of healthy foods and drinks are served at the canteen.

This support is given through:

- the provision of resources and advice on food selection and menu planning
- assistance with achieving good canteen management and operations
- assisting with the development of policies around nutrition
- providing food safety information
- encouraging the healthy eating message to the whole school through canteen, classroom and school activities
- the delivery of seminars, newsletters, food expos and workshops for canteen managers, teachers and the school community
- assisting schools in achieving a School Canteen Accreditation Award.

What is the TSCA Product Guide?

The Product Guide includes products that have been assessed by the TSCA as either **GREEN** or **AMBER**. It is not a complete list of foods and drinks and not all products which meet the nutrient criteria are included. If you come across a product that is not included in this Guide, you can check it against the National Healthy School Canteen nutrient criteria (page 4) or check with your TSCA Project Officer. The Product Guide will be updated at the start of each school term and any products which have been assessed and added to the Guide will be marked **NEW** to make it easier to see which products have been newly added.

GREEN food and drink

Food/drink	Examples
Drinks	<p>Low or reduced-fat milk and soy drinks, plain and flavoured.</p> <ul style="list-style-type: none">• May contain intense and artificial sweeteners[^].• Suggested 375ml serve size or less (except coffee-style drinks).• Coffee-style milk drinks (including flavoured) may be sold in secondary schools (maximum 375ml serve size). <p>Water: plain (tap, spring, mineral or sparkling), with nothing added.</p>
Bread and alternatives	<ul style="list-style-type: none">• Bagels, burritos, crumpets, English muffins, focaccia, gluten-free, lavash, Lebanese, multigrain, pita, rye, tortillas, Turkish, wholegrain, wholemeal, high fibre, white.• Raisin and fruit bread, un-iced fruit buns, glazed hot cross fruit buns.• Plain and savoury scones, pikelets and pancakes.
Breakfast cereals	<ul style="list-style-type: none">• Wholegrain and whole-wheat flakes, wholegrain puffed cereals, porridge, whole-wheat biscuits.• Choose those low in added sugar, high in fibre and without added confectionary.
Rice, grains, pasta	<ul style="list-style-type: none">• Plain rice, noodles, pasta, burghul, cracked wheat, polenta, couscous.• Plain air-popped popcorn with nothing added.
Yoghurt and cheese (including soy alternatives)	<ul style="list-style-type: none">• Low or reduced-fat cheese.• Low or reduced-fat plain or fruit yoghurt without added confectionary.• May contain intense and artificial sweeteners[^].
Fruit	<ul style="list-style-type: none">• Fresh, frozen, pureed or canned in natural juice (does not include dried fruit).• In-season is the best choice.
Vegetables (including legumes)	<ul style="list-style-type: none">• Fresh, frozen or canned without added flavourings.• In-season is the best choice.• Chickpeas, kidney beans, lentils, baked beans (dried or canned), lentil patties and falafels (grilled or baked).
Lean meat, fish, poultry and alternatives	<ul style="list-style-type: none">• Unprocessed lean beef, chicken, lamb, pork, turkey, fish.• Canned tuna, salmon, sardines.• Eggs, nuts* (un-salted, un-roasted, dry roasted).

[^]Code number and prescribed name for intense or artificial sweeteners include:

950 (acesulphame potassium), 951 (aspartame), 952 (cyclamate), 953 (isomalt), 954 (saccharin), 955 (sucralose), 956 (alitame), 957 (thaumatin), 961 (neotame) 965 (malitol or hydrogenated glucose syrup), 966 (lactitol), 967 (xylitol), 968 (erythritol), 960 (Steviol glycosides)

*Check your school policy regarding the use of nuts and products containing nuts.

GREEN

Always on the canteen menu

- These food and drinks are the best choices as they contain a wide range of vitamins and minerals, and are generally low in saturated fat and/or sugar and/or sodium (salt).
- These food and drinks should be:
 - available every day
 - included as the main choices on the canteen menu
 - presented in attractive and interesting ways
 - promoted as tasty, good value choices.

AMBER

Select carefully

- These food and drinks contain some vitamins and minerals, but may also contain higher levels of saturated fat and/or sugar and/or sodium (salt). If eaten in large amounts these foods may contribute to excess energy (kilojoules) being consumed.
- These food and drinks should be:
 - sold in smaller serve sizes
 - less prominent on the canteen menu
 - served with or added to GREEN foods where possible.

RED

Not recommended on the canteen menu

- These food and drinks are low in vitamins and minerals, and higher in saturated fat and/or sugar and/or sodium (salt).
- These food and drinks are not recommended for sale in school canteens.

'GREEN-ing up' AMBER products

Some AMBER products can be GREENed up by adding at least 3 different types of fruit or vegetables to them. Why not try:

- Chicken, beef or fish burgers or tenders in a roll or wrap with at least 3 salad vegetables (e.g. lettuce, carrot, tomato)
- Commercial lasagne served with at least 3 salad vegetables (e.g. lettuce, cucumber, beetroot)
- Roasted chicken meat served with at least 3 vegetables (e.g. pumpkin, potato, peas)

Some AMBER snacks can also be GREENed up for example:

- Reduced fat cheese + crackers = GREEN
- Vegetable sticks + dip = GREEN
- Pikelet + jam = GREEN
- Tinned or fresh fruit + full fat yoghurt = GREEN
- Tinned or fresh fruit + custard = GREEN
- Air popped popcorn + dried fruit = GREEN
- Air popped popcorn + dried fruit + cereal = GREEN
- Cereal + dried fruit = GREEN

The TSCA uses the National Healthy School Canteen guidelines to decide if a product is **GREEN**, **AMBER** or **RED**.

Hot food items such as pastries, pizzas, pasta and rice dishes, baked potato products, burgers, nuggets and processed meats are assessed using the per 100g column. If a product meets all the nutrient criteria shown in Table 1 then it would be **AMBER**. If it is over in any of these nutrients, it is **RED** and is not recommended for sale in school canteens.

Table 1: Hot food items and processed meats assessed per 100g			
Category	Nutrient Criteria		
	Energy (kJ) per 100g	Saturated fat (g) per 100g	Sodium (mg) per 100g
Savoury pastries, filled breads, pasta dishes, pizzas, oven-baked potato products, dim sims, spring rolls, rice and noodle dishes	1000kJ or less	5g or less	400mg or less
Meat products and alternatives crumbed and not-crumbed (burgers, patties, strips, balls or nuggets), sausages, frankfurts and saveloys, stews, casseroles and curries	1000kJ or less	5g or less	450mg or less
Processed luncheon meats (fritz, devon, chicken loaf, free flow chicken products) and cured meats (for example: ham, bacon)	1000kJ or less	3g or less	750mg or less

Snack food items such as bars, biscuits, savoury snacks, crisps, ice-cream and muffins are assessed using the per serve column. This is to limit large amounts of these types of foods being consumed. If a snack item meets all nutrient criteria shown in Table 2 then it would be **AMBER**. If it is over in any of these nutrients, it is **RED** and not recommended for sale in school canteens.

Table 2: Snack food items assessed per serve				
Category	Nutrient Criteria			
	Energy (kJ) per serve	Saturated fat (g) per serve	Sodium (mg) per serve	Fibre (g) per serve
Sweet snack food, bars and biscuits	600kJ or less	3g or less	–	1g or more
Savoury snack food, biscuits, crispbreads and crisps	600kJ or less	2g or less	200mg or less	–
	-- (Energy must be 1800kJ or less per 100g) --			
Ice creams, milk-based ices and dairy desserts	600kJ or less	3g or less	–	–
	-- (Milk must be listed as first ingredient) --			
Un-iced cakes, muffins and sweet pastries	900kJ or less	3g or less	–	1.5g or more

All types of confectionery are categorised as **RED**.

BREAD AND BREAD PRODUCTS

Commercial sandwiches are assessed as **GREEN** items, unless they contain any **RED** ingredients as a main ingredient. Commercial sandwiches are not assessed against nutrient criteria.

Products approved for high school only

DRINKS

Milk and Soy Drinks

Under the NHSCG, milk, plain and flavoured (including soy) can be **GREEN** or **AMBER**. If milk is reduced fat it is **GREEN**. If milk is full fat it is **AMBER**.

Manufacturer	Product name	Flavour/variety	Pack size	Serve size
Nippys www.nippys.com.au	Flavoured Milk	Coffee	24 x 375ml	375ml
	Flavoured Milk	Mocha	24 x 375ml	375ml
Emma and Tom's Pty Ltd mark@onlynatural.net.au	Flavoured Milk	Low Fat Espresso		350ml

Fruit and Vegetable Juice

Under the NHSCG, fruit and vegetable juices can be **AMBER** or **RED**. Fruit/vegetable juices that are at least 99% juice with no added sugar and 350mL serve size or less are **AMBER**. If the fruit/vegetable juice product does not meet the above criteria it is **RED** and should not be sold in a healthy school canteen.
